True quality begins long before the 110,000 BTUs of raw power hit your food. We know that every detail matters, and every aspect of the AMG reflects the innovation, precision, and workmanship that have been put into it. In its heavy-duty construction, luxury features, and sleek design, the AMG has surpassed the standards of a grilling masterpiece. We’ve worked hard to blow your mind, and this is the result - a truly badass grill.

Each American Muscle Grill features complete #304 steel construction and innovative designs for maximum airflow. Dual spark, solid brass, flame-thrower ignitions fire every time, and reversible V-Tech grates give added control over heat-transfer. When using solid fuels, using the gas or propane burners to jump start and accelerate the priming process will get you cooking faster. The AMG is designed for precision and speed, and it delivers with style and power.
