Superior grade molten aluminum alloy is hand-poured into a mold made from exceptionally detailed woodcarvings. Each casting is hand polished to provide a smooth, finished surface for painting. After a multi-step cleaning process, the furniture receives a baked-on powder paint coat, much thicker and harder than conventional wet paint, followed by a hand-applied antique accent.

Each of our metal frames are pre-finished with a nanoceramic pre-wash to increase paint adhesion. This important step pits the metal surface creating ten times the surface area for the powder coat of paint to bond to. All finishes are a high-solids polyester, architectural grade powder coat, 10 times thicker than wet coat paint. The result is a paint finish that will last far longer than traditional powder coat processes.
Wrought Aluminum

Features heavy, .65mm wall thickness tubing, strengthened at stress points with interior wall supports and galvanized steel inserts, triple hand polished 360° welds, and a high-solids polyester, powder-coated finish, ten times thicker than wet-coat paint. Available in 6 different finishes our wrought aluminum products are as versatile as they are functional.

Stainless Steel

At Summer Classics, we use a 304 grade stainless steel that has a high chromium and nickel content. This austenitic steel has both strength and corrosion resistance, making it ideal for a long life in outdoor applications. Our stainless steel receives 360 degree welds that are hand polished for maximum durability and a finished look.
The finest teak in the world was sought out to design our wooden furniture pieces. Teak Collections feature plantation grown high quality teak frames with mortise and tenon construction. All of our Teak Collections are available in Natural Teak and our Oyster Teak finish, which was designed to mimic the silvery grey patina teak develops as it ages.

The most realistic and extensive UV resistant protocol in the industry, N-dura® resin wicker is guaranteed to not experience any significant color change for 5 years. Our ultra realistic resin varies in color and texture, making each piece unique. Available in resin, vinyl or polyethylene, all N-dura® wicker is memory tested to 50,000 compressions, and is hand-woven over our steel-reinforced heavy gauge aluminum extrusions with a triple antique hand applied finish using nano-ceramic technology.
Superstone is a 5 layer composite with 2 layers of cement fiberboard surrounding the aluminum honeycomb core. UV top coat high performance bonding agents, with natural mineral granules. No sealant required.
Outdoor UPHOLSTERY

All Summer Classics upholstered collections are constructed with 100% outdoor approved upholstery made of water repelling reticulated foam covered in Sunbrella® Cast Dove solution dyed acrylic fabric.

Outdoor SLING

The classic material uses a state-of-the-art quick drying sling which provides an incomparable seating comfort. Strong, tear-proof and UV-resistant, the mold-resistant sling is excellent when compared to other sling fabrics.
Our durable and fade resistant furniture covers are lined with a waterproof backing with reinforced, ergonomic handles and breathable vents to prevent mildew. Available in a textural heather gray fabric.
AIRE

Shown In #2 Black Walnut & Ancient Earth
AIRED
Shown In #17 Mahogany
Delicate yet durable, our stackable Aire collection features seats and backs hand-woven from 6mm N-dura™ resin to conform to your body. “Lighter than Aire,” this collection features graceful curves complemented by the resiliency of our hand-welded aluminum frame.

CLUB Teak
Shown In #4 Natural Teak
CLUB Teak
Shown In #4 Natural Teak
This Collection is designed for use near the Ocean & other Salt Water Environments.
Teak timber is highly valued for its durability and water resistance, particularly near salt water environments. Our Club Teak collection is constructed using marine-grade teak with mortise and tenon joinery. It includes a versatile corner piece that can function as a left or right arm allowing the freedom to fit your lifestyle. Available in natural teak or an Oyster finish, specifically designed to mimic the coveted look of the silvery gray patina natural teak develops as it ages.

This Collection is designed for use near the Ocean & other Salt Water Environments.
Modern in design, but minimal in nature. Shed the chaos of life when you step through the door and lounge in the richness of simplicity. While the city buzzes beneath your balcony, you shift your gaze above to the stars slipping beneath the covers of the lavender colored sky. Tomorrow you’ll be rested and ready because of the time you invested tonight to cease working and relax.
COAST
Shown In #4 Natural Teak & Canvas Sling
COAST
Shown In #53 Heather Gray Sling
Coast combines clean contemporary lines with the functionality of worry free materials. Constructed using plantation grown teak, Coast features hand carved teak frames and taupe sling upholstery. The simplicity associated with modern designs along with stainless steel accents and mortise and tenon joinery put Coast at the top of the outdoor sling category.

CROQUET Aluminum Patented

The lawn game croquet bloomed in the 19th century, becoming the vogue leisure sport for the European gentry of that day. Our Croquet, patent pending, embodies the refinement and elegance of this classic sport through our durable Oyster, Slate Gray, and Mahogany finishes over a robust extruded aluminum frame. We invite you to enjoy the updated design of Croquet, and possibly a game or two…

REGENT

Shown In #31 Slate Gray

Timeless transitional design allows the Regent collection to welcome elegance and ease to any outdoor room. The generous proportions and delicate curves of the lounge and dining seating make it ideally suited for backyard entertaining and everyday moments.
REGENT

Shown In #24 Oyster
REGENT
Shown In #31 Slate Gray

185
This Collection is designed for use near the Ocean & other Salt Water Environments.
REGENT

Featuring a contemporary woven design, Regent combines generous proportions and delicate curves. This collection is constructed using our patented N-dura Resin, intricately twisted across the back and arms of the frame creating a unique pattern. As distinguished as the name implies, Regent was designed with slightly broader arms for comfortable lounge seating. Easily paired with multiple existing collections, relax in a collection as transitional as it is timeless.

Occasional tables from the Club Aluminum collection are designed for use with multiple collections.

This Collection is designed for use near the Ocean & other Salt Water Environments.
Inspired by the sedimentary lines of the South West deserts, the Sierra collection’s wide stance and mid century modern design sets a plateau for bold and beautiful outdoor furniture design. Our Sierra stacks wide layers of ultra-UV resistant, 6mm woven, N-dura resin and Resysta, an environmentally friendly material made of rice hulls, mineral oil and sea salt. Finished in Oyster Resysta and N-dura resin.

WIND
Shown In #24 Oyster
WIND

Shown In #24 Oyster
The innovative and sleek shape of our Wind outdoor wicker furniture collection was inspired by the sails of a sailboat racing in the wind. Eco-friendly veneered Resysta with a Polyurethane scratch resistant finish, and our N-dura™ resin wicker covers the removable reclining seats of this extraordinary collection.

EXCLUSIVE

COLORES ™
Exclusive Fabric Collection

Any fabric sold by Summer Classics is to be “SPOT CLEANED ONLY” fabrics are not suited to machine washing, machine drying, or dry cleaning.

TO CLEAN: For standard maintenance, we recommend cleaning SC fabrics with water-based cleaning agents or water-based foam to remove overall soil.

FOR REGULAR CLEANING: Frequently vacuum or lightly brush to remove dust and grime.

FABRIC & CUSHION MAINTENANCE

All Summer Classics fabrics are designed specifically for outdoor use and are naturally resistant to stains and fading. Prior to cleaning, we strongly recommend contacting the fabric manufacturer for specific cleaning instructions. Many household cleaning agents are harmful to the color and life of a fabric, and cleaning instructions can vary depending on the nature of the stain. In the catalog and pricelist, the fabric manufacturer is listed after the fabric number and grade.

PLEASE NOTE

Zippers are included for cosmetic purposes and added drainage only. DO NOT REMOVE THE FOAM CORES due to the tight fit and the difficulty with repositioning them when reinserted.
STANDARD CUSHIONS

Our Standard Cushions are composed of bonded fiber layers on top of polyurethane foam, making them exceptionally comfortable. The ratio of foam to fiber is 50% to 50% once core is inserted into the fabric cushion slip.

BONDED FIBER
50% HIGH DENSITY FOAM

Dream Cushions™ by Summer Classics offers 1.8 density high resilient and California Fire Rated Foam for maximum comfort. Our woven, water-resistant jacket features a “pillow top” of blown-fiber channels providing the utmost quality and softness. Soft, durable, and water-resistant, this is truly the perfect cushion.

“PILLOW TOP” FOR MAXIMUM SOFTNESS
WOVEN WATER-RESISTANT JACKET
HIGH DENSITY PREMIER FOAM

Dream Cushions are available on all cushions that can be purchased with a “Seat & Back” Cushion. Dream Cushion is not offered on Cushions listed as “Seat Only”

WELTED CUSHIONS™

All Cushions are now available with Matching [Self] Piping & Contrast Piping.

Please refer to the current pricelist for ordering information and details.

WATERPROOF FURNITURE COVERS
Solution dyed polyester in Heather gray fabric

Summer Classics premium furniture covers are designed with durability and style in mind. Our durable and fade resistant outdoor fabric is lined with a waterproof backing. Our covers have reinforced, ergonomic handles and breathable vents to prevent mildew. The fabric is colored in a textural heather grey to minimize visual impact when left on. Click-close straps tighten to secure cover for windy days. Covers come in 3 lounge chair sizes, 2 sofa sizes, and round and rectangular dining sets.

MULTI-PURPOSE CLEANER
PNT-00362
Removes dirt, stains and moisture from surfaces. Suggested for use on fabric, resin, wicker, iron, and aluminum. Prior to cleaning spot test on a small area.

RUST REMOVER
PNT-00365
Cleans and removes corrosion, cleans and restores in one treatment. Fast acting and easy to use. Not to be used on sandblasted or glass-blasted Stainless Steel.

STAINLESS STEEL SHIELD
PNT-00364
Protects Stainless Steel and helps to prevent corrosion. Helps to keep Stainless Steel shiny and free from rust. Includes anti corrosion Inhibitors which form an invisible shield to prevent corrosion.

TEAK PROTECTOR
PNT-00360
Maintains the original, honey brown color of Natural Teak for a longer time.

TEAK SHIELD
PNT-00361
Makes Teak and other hardwoods repellent to water and moisture. Helps to prevent stains caused by food and drinks.

TEAK CLEANER
PNT-00359
For the restoration of Weathered, Gray Teak and other hardwoods. Cleaner & Brightener in one.
